Underboss Kristen Proby,2021-03-02 Underboss BlurbFrom New York Times Bestselling Author Kristen Proby comes an all new family in her With Me in Seattle world! Hold onto your seat as we introduce you to Kristen's new MAFIA FAMILY!As the eldest son of Seattle's current mob boss, Carmine Martinelli's life has never really been his own. But he doesn't mind because his family means more to him than his life. Which is why he's determined to make those responsible for the death of his aunt and uncle pay-in inventive and gruesome ways. And what better way to do that than to infiltrate the Russian mafia from the inside? It's a good thing the bratva's princess is stunning and seemingly willing to do whatever he asks. This vengeance could be the perfect mix of business and pleasure. Nadia Tarenkov has several things stacked against her: she's a woman, and she's not the eldest child in her family. But it doesn't matter. She has her sights set on ruling the syndicate, and she always gets what she wants. When the heir to one of the States' most powerful crime families comes knocking, Nadia sees it for the gift it is. He thinks he has her fooled, but she's smarter, more cunning, and always two steps ahead. She'll beat the gorgeous mobster at his own game, and secure her place in the fold. What neither of them takes into consideration, however, is that they aren't the only ones with deadly plans in motion. To survive, they'll have to come clean and work together-and acknowledge that the growing love they've been pretending isn't there, is very real.

Proby and Me M J Cornwall,2023-04-06 They couldn't believe it. He's alive. Big as the Beatles for a flash of rock 'n' roll time. But by 1990, decades MIA. It had to be done. But the tour they set up, a voyage into lunacy. PJ Proby at the helm of this burning ship, recalling his life story midst the rolling mayhem. Of fast times with giants, from Elvis to the pantheon of Sixties Britpop and movie stars. Forever wars with powerful foes. Frenzied stage shows called obscene. Of liquor and firearms. Arrests. Jail time. Fortunes blow. House fires, turbulent marriages. Bankruptcy and the long slow fall. And a muse of fire, forever undimmed.

All Stars Fall: A Seaside Pictures/Big Sky Novella Rachel Van Dyken, 2019-03-12 From New York Times and USA Today bestselling author Rachel Van Dyken... She left. Two words I can't really get out of my head. She left us. Three more words that make it that much worse. Three being another word I can't seem to wrap my mind around. Three kids under the age of six, and she left because she missed it. Because her dream had never been to have a family, no her dream had been to marry a rockstar and live the high life. Moving my recording studio to Seaside Oregon seems like the best idea in the world right now especially since Seaside Oregon has turned into the place for celebrities to stay and raise families in between touring and producing. It would be lucrative to make the move, but I'm doing it for my kids because they need normal, they deserve normal. And me? Well, I just need a break and help, that too. I need a sitter and fast. Someone who won't flip me off when I ask them to sign an Iron Clad NDA, someone who won't sell our pictures to the press, and most of all? Someone who looks absolutely nothing like my ex-wife. He's tall. That was my first instinct when I saw the notorious Trevor Wood, drummer for the rock band Adrenaline, in the local coffee shop. He ordered a tall black coffee which made me smirk, and five minutes later I somehow agreed to interview for a nanny position. I couldn't help it; the smaller one had gum stuck in her hair while the eldest was standing on his feet and asking where babies came from. He looked so pathetic, so damn sexy and pathetic

that rather than be star-struck, I took pity. I knew though; I knew the minute I signed that NDA, the minute our fingers brushed and my body became insanely aware of how close he was—I was in dangerous territory, I just didn't know how dangerous until it was too late. Until I fell for the star and realized that no matter how high they are in the sky—they're still human and fall just as hard.
